

## Camp Barton Merit Badge Pre-Requisites

2019

- **Scouts / Class:** The total scouts permitted in each merit badge session. If there is no number, it means it is at the councilor's discretion.
- **Pre-requisites:** The merit badge requirements that are not covered at camp.
  - The scout should complete the requirement before camp (if possible) and bring proof of the requirement to camp to be signed off by the camp counselor.
  - "No Prep" means all merit badge requirements will be covered at camp.
  - Sometimes other merit badges are required to be completed before taking the merit badge and for many water merit badges, the scout must pass the Swimmer swim test on the 1<sup>st</sup> day of camp.
- **Comments:** Items from the merit badge councilor the scout should be aware of. Sometimes the comments area includes items the scout must bring to camp to complete the merit badge requirements.
